## HERE'S HOW ON iPHONE:

1. Download the Health app, then tap the Health Data tab.
2. Tap Health Records >Get Started. To add another medical provider, scroll down to Accounts, then tap Add Account.
3. Search for your hospital or network, then tap it.
4. Under Available To Connect, choose an option.
5. Sign in to your healthcare provider's website or app. You might be asked to save a password.
6. Wait for your records to update. It might take a minute for your information to appear.
7. Repeat these steps for each supported organization.

## HERE'S HOW ON ANDROID:

1. Download the Coral Health Records application in the Google Play Store or the App Store.
2. Once downloaded, Tap the + at the bottom of the screen to Add Records. Search your hospital or medical provider.
3. Tap your medical provider and connect. This is where VDMC patients will log into their Patient Portal Account.
4. Once logged in, tap Allow Access. Your records should start to populate. It might take a minute for your information to appear.
5. Repeat these steps for each supported organization.

Once you add an organization, the Health App automatically updates your health records periodically.
